HADASSAH'S HOPE

- **KAYAK DIVISION:** One angler per kayak only. One slot size redfish. Fish does not need to be alive. 1st through 3rd place will be determined by 1 legal fish being weighed per kayak angler by time of weigh in. You may only bring 1 fish to the scales.
- **BOAT DIVISION:** Two adult member boat teams (with option to add up to two junior anglers, for a total of 4 anglers). This is a two fish aggregate tournament, meaning fish must be live at weigh-in. Fish must meet Florida state required size limits (18" - 27"). Fish will be measured using slight tail pinch method. NO fish with mutilated tails will be accepted for weigh-in. If this happens it will be determined by the tournament directors. Fish can be inspected internally to confirm weight at tournament directors' discretion. If 2 fish bag aggregate has any dead fish there will be a 1 lb reduction per each dead fish. 1st through 3rd place will be determined by total aggregate weight of 2 fish at the time the fish bag is weighed in. You may only bring 2 fish to the scales.
- **JUNIOR ANGLER DIVISION:** Up to two Jr Anglers may participate in a paid boat division registration. Jr. Anglers must pre-register with their boat division in one of three Jr Angler divisions: Age 5-11, Age 12-16, or Powder Puff Age 6-16. They can only win in the division they pre-register for in advance. Jr anglers must possess their own redfish to weigh in. Winner determined by the heaviest slot size red fish (can't be one of the 2 bag fish aggregates for their boat). Only one legal red fish per entry.
